A house with soul, a house that embraces~~Legend has it that long ago, on the hills of Benissa, where the pine trees whispered to the sea

breeze, a shepherd would climb to the highest point each morning to greet the rising sun. He believed the sun’s golden light was a blessing, and he would leave a small stone on the path as an offering. Over the years, a trail of stones led from the hills to the shore, guiding travelers with the promise of light and sea.~~This house stands where the last stone rests, a home that honors the journey, embraces the breeze, and offers a view that connects the land with the endless horizon.~~This is a story of transformation - an architectural rebirth that pays tribute to the past while embracing a serene, contemporary lifestyle. Nestled in La Fustera, in a consolidated neighborhood just 800 m from the beach, and steps from restaurants and the rhythm of everyday life, this home stands quietly behind a wall of greenery, where the forest once stretched uninterrupted.~~A Home Reborn from the Past~The original house, with its whitewashed walls and traditional rooflines, offered the bones of a classic Mediterranean dwelling. Today, it has been fully reimagined: a sculptural reinterpretation where light, space, and nature converge. The renovation opened generous windows, redefined spaces, and introduced noble, tactile materials that speak to both comfort and authenticity.~~Outside, the terrace becomes a tranquil haven - pool, porch, dining beneath the stars. The surrounding garden, though now shaped and curated, still whispers of the pine grove that once stood here, inviting you to pause and breathe.~~Inside, textures are warm and earthy, tones are soft and natural, and every line draws you outward—to the trees, the breeze, the silence.~~House, in two levels, offers 4 bedrooms with ensuite bathrooms plus 2 additional baths. An open plan saloon-kitchen gives access to a covered porch and large open terraces within a 1.070 m2 plot with a private pool and parking with space for 2 cars.~~This house is not just a renovation; it is a return to a way of living that feels grounded, intentional, and beautifully simple.~~With highest qualities and last technology in the market: alarm, Air conditioning with airzone system, aerothermy for hot water and climatization and equipped kitchen.~~Secure your dream villa in La Fustera, Benissa Costa, and embrace the ultimate Mediterranean lifestyle with unmatched comfort.~
